Reaction time
works during operation

Application field
for use in all diesel engines

Consumption
50 ml for 10 L

Application interval
with every tank filling

Diesel System Cleaner PLUS

Application

Recommended to add to the diesel tank before every refueling. Sufficient for 60-80 L diesel. For larger capacities add 50 ml per 10 liter of diesel fuel. Product works during operation.

Description

GAT Diesel System Cleaner PLUS is a high performance product for use in all diesel engines, particularly developed for high pressure direct injection diesel engines with common rail technology or pump injectors. Especially recommended for extended service intervals. Reliably removes operationally caused depositions in the whole diesel system from the tank to the combustion chamber. Absorbs and efficiently removes moisture from the diesel system and ensures effective protection of the high pressure pump. Provides an optimal fuel atomization and protects all diesel carrying parts against corrosion.

Advantages

Increased compression, improved engine performance, reduced diesel consumption and less exhaust emissions.

Packing sizes	Packing Unit	Article Number
300 ml	24 x 300 ml	Art. 62019
1 L	12 x 1 L	Art. 62064
5L	–	Art. 62049
20 L	–	Art. 62105

other sizes available on request

Properties

Physical state	liquid
Color	light yellow
Density	0,82 g/cm ³ DIN 12185
Flashpoint	46 °C ISO 3679
Viscosity	1,3 mm ² /s DIN EN ISO 3104 (at 40°)

Compatibility

The product is suitable for use in all diesel engines and can be mixed with all diesel fuels.

Safety instructions

Follow the application instructions on the technical data sheet (TDS). Read safety instructions in the Material Safety Data Sheet (MSDS) before using this product. Keep out of reach of children. If medical advice is needed, have product container or label at hand and call poison centre/doctor.

Disposal

This material and its container must be disposed of as hazardous waste. Handle contaminated packages in the same way as the substance itself. Dispose of this product and container according to national/regional regulations.
